CALL FOR SPECIAL SESSION PROPOSAL

The Organizing Committee invites proposals for Special Sessions to be held during the Intelligent Signal Processing and Communication Systems (ISPACS 2022) on November 22-25, 2022 in Penang, Malaysia. Special sessions complement the regular technical program by highlighting new and emerging research topics or innovative applications of established approaches. The topic of a special session proposal should be timely and compelling. The conference topics include, but are not limited to:

- Information Theory
- Wideband and Massive MIMO
- Audio/Speech Processing
- Image/Video Processing
- Visible Light Communication
- Internet of Things
- Software Defined Networks
- Digital Signal Processors
- Sensors and Devices
- Intelligent Instrumentations
- Smart Devices
- Wearable Electronics
- Video and Multimedia Technology
- Wireless Systems
- Cloud Computing
- Machine Learning

Special Session proposals must contain the following information:

- Title of the proposed Special Session
- Names, affiliations, and contact information of the session organizers
- Brief biographies of the session organizers
- Brief description of the proposed session topic and discussion on why this is a good topic for an ISPACS 2022 special session (up to 500 words)
- List of four (4) committed papers (include *tentative paper title, authors' names and affiliations*). Upon acceptance of the special session proposal, contributed papers will be submitted just like regular papers.

The proposals should be submitted by **May 15, 2022** via Google Form (https://bit.ly/ISPACS2020_SpecialSession).
Inquiries can be sent via email to one of the following Special Session Chairs of ISPACS 2022.
